

Driving Distances in Land Between The Lakes

The driving times between the different facilities in Land Between The Lakes can be misleading on a map because many of our roads are curvy and slow. The following table gives recommendations for how much time to allow between these places for the average school bus. In planning your trip, **we highly recommend allowing some extra “bumper time” in your day if possible** – for kids to get on and off the bus, use the restrooms, etc. This will help make your trip more enjoyable for the students and smoother and more relaxed for the adults!
